We've got your back.

Admetec handcrafted, custom-designed loupes, lights, and camera

We specialize in creating solutions that are exceptionally lightweight, convenient to use, and ergonomic - enabling you to focus on being effective while we focus on your comfort.

Our handcrafted loupes, lights, and Camera are custom designed for YOU. To do so, we take into consideration your unique facial structure, working distance, style, and personal preferences. User-centered product design combined with high-quality materials and components is the foundation of Admetec excellence.

Prismatic

Prismatic loupes provide enhanced magnification while maintaining a wide field of view, delivering sharp, edge-to-edge clarity with true-to-life color accuracy. Available in 4 magnification levels, each pair is custom-tailored to your exact working distance for optimal precision and comfort.

Convenient. Compact. Shockproof.

Your Admetec experience extends beyond working hours. What happens when you are not working with your loupes and light? Where do you put them? How do you protect and maintain them in good condition over time? If you work in more than one clinic, how do you take your loupes and light back and forth? That's why we designed convenient, compact, shockproof cases for each set of Admetec products.
